aureliencapron.github.io

Engineering student at Grenoble INP - Phelma (Majoring in Integrated Electronic Systems), seeking a 16-week electronics engineering assistant internship (starting mid-May 2027), preferably abroad. Highly motivated by technological challenges, I am eager to bring my rigor, dynamism, and technical expertise to your innovative projects and contribute to their success.

## EDUCATION

**National Graduate School of Physics, Electronics and Materials (Grenoble INP - Phelma)** 2025 – (2028)
*Engineering Degree (Master's Equivalent, expected in 2028), Major in Integrated Electronic Systems.* Grenoble, France
*Relevant coursework: Embedded Systems, Signal Processing, Electronics, Sensor Physics.*

**Saint Stanislas High School** 2023 – 2025
*Preparatory Classes for Grandes Écoles (MPSI / PSI - Intensive 2-year program in Math/Physics)* Nantes, France

## PROJECTS

**Entrepreneurial Project - Domethic System** Feb. 2022 – Present
– PCB assembly (component soldering, radio modules, EEPROM memory implementation).
– Firmware configuration, embedded software flashing, testing, and quality control.
– Robustness and functional testing (high-power loads, EMC - Electromagnetic Compatibility verification).

**Industrial Project - Grenoble INP Phelma (Embedded Systems)** March – May 2026
– Design of an autonomous remote control for video projectors and hardware integration.
– Embedded code development (**C/C++**, Python) and prototyping (**Arduino**, Raspberry Pi, Infrared).

**Experimental Research Project (TIPE) - Numerical Simulation** Jan. 2023 – April 2025
– Kinematic modeling of mechanical assistance for badminton (player detection and throwing).
– Trajectory simulation (Python), computer vision, and uncertainty analysis reducing measurement error by 80%.

## PROFESSIONAL EXPERIENCE

**Sacha Heritage** — *Co-founder & Field Sales Representative* May 2026 – Present
*Import and marketing of Kampot pepper* Isère, France
– Prospecting, brand representation, and direct sales at trade fairs.
– Inventory management, packaging of finished products, and order preparation.

**Yves Rocher** — *Production Operator (Temp)* July – Aug. 2026
*Flow management and facility maintenance* Brittany, France
– Secure connection and management of fluid transfers between manufacturing tanks and packaging lines.
– Sanitization operations and first-level maintenance of industrial equipment.

**EARL du Maye** — *Seasonal Agricultural Worker* June – Aug. 2024
*Monitoring and maintenance* Brittany, France
– Feed distribution (rationing) and monitoring of cattle health.
– Facility cleaning, mulching, and maintenance of agricultural equipment.

**Proxitec Services** — *Material Handler (Part-time)* April 2022 – Feb. 2023
*Technical tasks* Ain, France
– Loading, unloading, and transporting equipment to intervention zones.
– Direct assistance to craftsmen during installations (holding parts, preparation, minor cutting).

## SKILLS & LANGUAGES

**Electronics & CAD:** Design (**KiCad**, EasyEDA), Simulation (**Matlab**, **SolidWorks**).
**Embedded & Code:** **C/C++**, **Verilog**, **Python**, **Arduino**, Linux.
**Instrumentation:** Routine use of oscilloscopes and frequency/signal generators.
**Soft Skills & Languages:** Team spirit, adaptability. English (C1), French (Native), German (Basic).
**Other:** Driver's license.

## EXTRACURRICULAR ACTIVITIES

**Student organisations:** Head of Partnerships for Phelma's Sports Office (Sponsorship negotiation, budget management).
**Interests:** Volleyball, judo, chess, strategy games, cooking.
